

Work Session

Agenda Item #	5
Meeting Date	May 23, 2005
Prepared By	Barbara B. Matthews City Manager
Approved By	

Discussion Item	Briefing by Friends of the Tool Library
Background	<p>On April 11, 2005, the Friends of the Tool Library briefed the City Council on the Tool Library. Mr. Levine indicated that a survey conducted by the Friends of the Tool Library indicated community support for the Tool Library. He requested that the City Council grant the Friends of the Tool Library additional time to form a committee and to take other steps to improve the viability of the Tool Library.</p> <p>The City Council agreed to hold a follow-up work session on May 23, 2005 for the Friends of the Tool Library to update the City Council on their progress.</p>
Policy	The City Council is responsible for determining the services to be provided by the City and the amount to be budgeted for those services.
Fiscal Impact	The relocation of the Tool Library and associated improvements cost \$11,700 in F05. These improvements included the installation of new siding and a membrane roof, fencing, and landscaping. The proposed budget for FY06 includes \$14,328 for the Tool Library; this amount represents personnel costs for Tool Librarian.
Attachments	None
Recommendation	Staff recommends that the City Council receive the briefing from the Friends of the Tool Library and provide direction to the City Manager relative to the proposed budget for the Tool Library and any related operational matters.
Special Consideration
